

**Full-Stack Developer** dedicated to building high-performance web applications and seamless user experiences. I specialize in bridging the gap between complex backend logic and intuitive frontend design. Committed to writing clean, maintainable code and leveraging modern development workflows to deliver scalable software solutions that meet business objectives.

=====

## WORK EXPERIENCE

June 2025 – Present

**Web developer Instructor** at Digital Dreams LTD

### Key Responsibilities

- **Designed and implemented** a comprehensive web development curriculum covering frontend (Javascript, CSS, HTML, Bootstrap) and backend (PHP, Laravel) technologies.
- **Developed hands-on coding projects** and lab exercises that simulate real-world software development scenarios.
- **Authored technical documentation** and step-by-step tutorials to simplify complex concepts like MVC architecture and RESTful APIs.
- **Evaluated technical competencies** through practical assessments, ensuring students met industry standards for Junior Full-Stack roles.
- **Stayed current with evolving web standards**, updating course materials to include modern tools like Vite, Postman etc.

October 2024 – Present

**Volunteer WordPress Website Manager** at Equity Watch Initiative

### Key Responsibilities

- **Managed full-cycle WordPress maintenance**, including core updates, theme customizations, and plugin audits to ensure 100% site uptime.
- **Optimized website performance** and loading speeds by implementing caching strategies, image compression, and minifying **CSS/JavaScript**.
- **Managed content publishing workflows**, ensuring all posts and pages were SEO-optimized with proper metadata and schema markup.
- **Developed and updated responsive layouts** using page builders (Elementor, WPBakery) and custom **HTML/CSS** to maintain brand consistency.
- **Implemented robust security protocols**, including SSL configuration, firewall management, and regular malware scans to protect against vulnerabilities.

# KENNETH OTIS

Software Engineer

## Personal Info

### Address

Enugu, Nigeria

### Phone

(+234)805-990-3700

### Email

developerkenneth9696@gmail.com

### GitHub

<https://github.com/developerkenneth>

### LinkedIn

<https://www.linkedin.com/in/otis-kenneth/>

## Skills

### Programming

Javascript, PHP, SQL

### Frameworks/Libraries

Laravel, React, Jquery, Tailwind CSS, Bootstrap

### Web Technologies

HTML, CSS

### Tools/Others

Git, Github, Docker

## Education

### Marketing, Bachelor of Science

Nnamdi Azikiwe University, Awka.

2016 - 2020
